

Ken's Electronic Network (KEN) Protocol - Change Log

This record only covers official releases and not any interim development versions.

KEN-A

V1.2.0 - 2025-07-26

- Added a "Discontinue" option for error control.

V1.1.0 - 2025-03-21

- Added a prefix to the protocol type to indicate the protocol "flavor".

V1.0.1 - 2025-02-08

- Renamed from KEN Protocol to KEN-A Protocol, A for Advanced. This was to distinguish it from the new variations.
- Corrected a few typos.
- Added an Idle options for Connection Control and Error Control. This helps with compatibility with KEN-B and KEN-C.

V1.0.0 - 2024-09-30

- Baseline release.

KEN-B

V1.2.0 - 2025-07-26

- Added a "Discontinue" option for error control.

V1.1.0 - 2025-03-21

- Added a prefix to the protocol type to indicate the protocol "flavor".

V1.0.0 - 2025-02-08

- Baseline release.

KEN-C

V1.2.0 - 2025-07-26

- Added a "Discontinue" option for error control.
- Fixed some typos.

V1.1.0 - 2025-03-21

- Added a prefix to the protocol type to indicate the protocol "flavor".

V1.0.0 - 2025-02-08

- Baseline release.

KEN-D

V1.0.0 - 2025-07-26

- Baseline release.
